

## Spelling Support Program

Are you looking for ideas to freshen up the way your students practice their weekly spelling words? Try using some of our Spelling Learning Link videos to help! The goal of Learning Link by Connected Class is to create partnerships between the classroom and home environment. You can engage the students in play during class and send the videos home in an email through our easy-to-use platform so that parents have a demonstration of how to play.

If you have daily spelling exercises in your classroom, why not make one of the days a game day with the spelling words? Introduce the game to the students and play in the classroom. Once the students have played the game, send the Learning Link home to the parents. The students will be excited to practice with their family.

There are a variety of ways to practice spelling throughout the week. Here is a sample schedule:

Monday	Tuesday	Wednesday	Thursday	Friday
Introduce the words to the students and have students write them 5 times.	Introduce the Learning Link game. Play as a whole group to make sure they understand how to play. Send Learning Link video home for extra practice.  <a href="#">Spelling Swat</a>  <a href="#">Hats Off to Spelling</a>  <a href="#">Spelling Table Toss</a>  <a href="#">Tic Tac Spell</a>	Write a sentence for each spelling word.	Review words for the test. Play Learning Link game.	Test
